

Name: _____

Partner's Name: _____

NATION REPORT

Directions: Work in pairs. You will be given the following website to do some of the initial research. From there, you will use other sources to research other factors about certain countries. Be prepared to present your findings on one of the countries to the rest of the class. You need to find a country for each of the following age structure diagrams: slow growth, rapid growth, stable, declining growth. Use the template below for each country....so you will need to fill out four templates.

Name of Country: _____

Sketch and Name of Age Structure Diagram:	Geographic Location: (map or description of location)
Capital:	Demographic Transition Phase (preindust, transition, industrial, postindust)
Growth Rate: 1950: 2000: 2050:	Doubling Time: 0.7/Growth rate 1950: 2000: 2050:
Total Fertility Rate: 2005: 2050:	Birth Rate and Death Rate 2005: 2050:
Life Expectancy at Birth:	Total Land Area:
Population Density: #people/km²	Major Industry/Sources of Income:
Explanation for growth pattern/demographic transition phase:	Government's Or People's View on Population Growth:
Major Energy Sources:	Major Environmental Challenges/Problems:
